Sir,

With reference to letter No L 7937 dated 1st April 1939, of the Secretary to Government, Local Self-Government Department, requesting to state specifically the nature of the maintenance work performed by the Sanitary Engineering and the local body concerned, for Chitaldrug, and Chintamani, I have the honour to state that,

1 As regards Chintamani, there are two operators, who look after the pumping machine at the bore-wells and their salary is paid by the Bureau of Sanitary Engineering. The distributary system of the town is managed by the municipality directly with the help of a separate staff

2 As regards Chitaldrug water supply, there are two operators and one cleaner under the Sanitary Engineer, to look after the regular working of the engines and deep well pumps fixed on the two bore wells as well as the distribution of water to a portion of the town called Burigajanahatti, while the Municipality look after the distribution of water to the rest of the town with their staff, from the Thimmannayya-kanakere from which a portion of the town is supplied with water for a long time

I have the honour to be,

Sir
